

### Why Choose Strategic Payroll Services:

Strategic Payroll Services commits to providing an Internet payroll service that far exceeds your expectations. Strategic Payroll Services provides innovative solutions to our payroll clients through value added products and services, all delivered with unsurpassed customer service.

### User-Friendly – Easy to Use!

Strategic Payroll Services software is designed to handle payroll needs with a very user-friendly, step-by-step process that is fast and efficient. Payroll is completed in minutes with accuracy and confidence.

### Real Time – Web Based Payroll Processing

Payroll can be processed from anywhere at any time. Employee data resides on secure servers, allowing you flexibility and access 24/7. Plus, print checks and reports immediately, no waiting for batch processing or system synchronization from the vendor. Simply submit payroll and immediately print reports.

### Compliance

Under the current administration, compliance with regulations will be even more important than ever as laws are changed and enforcement pursued vigorously. You will see unprecedented scrutiny on business owners to comply with laws, fines and penalties levied if they do not.

### Your Payroll – Your Way!

Strategic Payroll offers the flexibility of choosing services and options that meet your needs:

- Tax filing service
- Tax payment service
- Direct deposit
- Comprehensive reporting
- Employee self-serve
- "Go Green" with e-mail pay stubs
- Onsite check printing
- Workers' compensation reports
- Web based Time and Attendance
- Accrual of Paid Time Off (PTO)

These are just a few of the many options available with Strategic Payroll Services. We have the expertise and the systems to package our services for the maximum benefit to you. We will conduct a free needs analysis and provide you the best payroll solution
