

Security means never having to worry about your payroll

We'll manage your payroll so you can grow your business

Strategic Business Services offers comprehensive payroll services that will take away the headaches associated with processing payroll. We will print and process all live checks or direct deposits for every employee in your organization. In addition, we will make all tax deposits, provide quarterly and year-end reports and distribute W-2's for your company. Unlike other payroll companies, our employees are experts on tax preparation. So your company can rest assured that every penny is where it should be and every tax form will be accurate.

Making your records easy to access

Our customized system creates payroll reports that are easily imported and exported into every premier accounting and financial software package available. In addition, we have on-site time and attendance capabilities that can export directly into your payroll program. Our system allows you easy access to all of your company's records.

Work with a trusted neighbor

Strategic Business Services is based in Central Ohio, so we're a part of your local business community. And because we're in the same area, we are able to work closely with our clients to ensure an ongoing, smooth and painless payroll process.

And should you ever need to contact us, you'll have a variety of ways to do so. We are available by phone, internet and even face-to-face. It's just another way that Strategic Business Services creates a trusted relationship with its clients.

Contact Strategic Business Services and see how we can help you take the worry out of payroll.
